

# Introduction to Personal Computers with Windows 7

**Provider:** Alaska Computer Business Solutions LLC

**Length:** 1 Days

**Cost:** \$175

**Cost Unit:** Cost of the entire program

## Website

<http://www.akcb.com/public/cgi.exe/web/classbasic.htm>

The student will become familiar with the basic components of personal computers, learn how to navigate the computer's environment, manage files and folders, customize the desktop, and find out what a widget is. The class also covers some common tools and programs available on the personal computer as well as introducing the student to browsing the World Wide Web.
